Custom Assay Development Service

AsyMax immunoassay development (Cat# 60021)
AsyMax Bioassay development (Cat# 60022)
AsyMax Kinase activity assay development (Cat# 60023)

The scientists with AbboMax have been involving in immunology and cell biology research and product development for more than 15 years. With the state-of-art technology, we can help you to co-develop immunoassays, bioassays related to immunology, kinase activity assay with Phosphorylated protein measurement for your specific needs.

- ❖ Consultation of assay format selection
- ❖ Co-develop assays and finalize the parameters.
- ❖ Protocol writing, material and assay transferring.
