

Mouse anti Collagen II Monoclonal Antibody

Alternative Name(s): nan

Order Information

Description: Collagen II
Catalogue: 605-640
Lot: See label
Size: 100ug/200ul
Host: Mouse
Clone: 5B2.2

• Application: IHC(P), WB

• Reactivity: Hu

ANTIGEN PREPARATION

A recombinant protein of human Collagen II

BACKGROUND

Type II collagen, a fibrillar collagen found in cartilage and the vitreous humor of the eye. Type II collagen forms fibrils. Mutations in this gene are associated with achondrogenesis, chondrodysplasia, early onset familial osteoarthritis, SED congenita, Langer-Saldino achondrogenesis, Kniest dysplasia, Stickler syndrome type I, and spondyloepimetaphyseal dysplasia Strudwick type. In addition, defects in processing chondrocalcin, a calcium binding protein that is the C-propeptide of this collagen molecule, are also associated with chondrodysplasia.

PURIFICATION

The mouse IgG is purified by Protein A-Affinity Chromatography according to Isotyping

FORMULATION

This affinity purified antibody is supplied in sterile Phosphatebuffered saline (pH7.2) containing antibody stabilizer

SPECIFICITY

This antibody recognizes human Collagen II protein. The other species are not tested.

STORAGE

The antibodies are stable for 24 months from date of receipt when stored at –20oC to –70oC. The antibodies can be stored at 2oC-8oC for three month without detectable loss of activity. Avoid repeated freezing-thawing cycles.

APPLICATIONS/SUGGESTED WORKING DILUTIONS*

• Western Blot: 0.1-1 μg/ml

• ELISA: 0.01-0.1 μg/ml

• Immunoprecipitation: 2-5 µg/ml

• IHC: 2-10 µg/ml

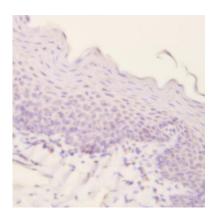

Flow cytometry: Not testedMolecular Weight: 141.0

Positive Control: Kidney Tissue

Cellular Location: Cell Membrane

^{*}Optimal dilutions should be determined by researchers for the specific applications.

Immunohistochemistry: Human skin tissue (FFPE) stained with Mouse anti- collagen II (Cat# 605-640) at 1:200 for 10 min @ RT. Staining of formalin-fixed tissue requires boiling tissue sections in 10 mM Citrate Buffer, pH 6.0 for 10 min followed by cooling at RT for 20 min
